

Dear Parents and Carers,

Easter is approaching and at school we are looking forward to celebrating in more usual ways now bubbles are (hopefully) behind us.

This year we will be holding different Easter activities in school and all you need to do is enjoy them! There is no need for you to provide any resources or make anything – just bring your cameras at the times stated below.

Our approach this year is to complete all Easter activities and crafts with class teachers in school, meaning that all children have fair and equal access to resources, support and time to complete the activities.

Please see below the Easter schedule for the final week of term.

EYFS and Key Stage 1 (Years 1&2)

We will be making Easter crowns in our classes with our teachers.

We will then hold an 'Easter Crown Parade' on the **KS2 playground** on **Thursday 7th April at 2.45pm**; before children leave for the Easter holiday – You are invited to attend this, take pictures, cheer and applaud!

KS2 (Years 3, 4, 5, 6)

These year groups will be creating a class diorama/scene together using decorated eggs. They will complete this in school with their teachers and these will be available to view on the **KS1/EYFS playground** on **Thursday 7th April from 2.45pm**.

Whole School

Easter Egg Hunt

Before showing off their creations to you in the afternoon, the whole school will complete an Easter Egg Hunt Challenge together in the morning of Thursday 7th April. This is a lovely tradition which we are delighted to have back – **It is recommended that pupils bring appropriate footwear and coat for this as they will be hunting high and low outdoors during the morning**. Look out for pictures on Class Dojo.

Eggamples of what you may see on the day!

With thanks,

Mrs C Nowell

Vice Principal

Note: We realise some parents may be eggremely disappointed that they are not using those creative skills to make some of the epic bonnets or eggcellent scenes with eggs they have done previously. If you feel you are just too eggcited to miss out; please contact us and we may be able to accommodate your creative skills in school supporting pupils in class – timing will depend on when the class teacher has scheduled the task during that week.
